

world (experience) that I am not a Merchant but a farmer. In announcing this Great Closing Out Sale it is my desire to impress upon the minds of the good people of Durant and surrounding country, who have so liberally patronized me during my business career, that I am not using the words "closing out" merely as an advertising scheme but that I mean just exactly what I say and I would impress upon each and every one the fact that I value my honor and your future confidence and friendship too highly to state anything but the truth to you over my signature.
